

The Public Safety Group

ACTIVE SHOOTER

The Active Shooter has become a part of modern society. Active Shooter incidents range from Columbine High School to the Edmond, Oklahoma, Post Office. The role of the calltaker/dispatcher is critical and your knowledge of the Active Shooter protocol will help you save lives. This is the most comprehensive and the **ONLY** Active Shooter online class on the market. The class will not only give you a historical perspective, but will review numerous incidents including actual 9-1-1 calls and radio tapes. The class will even look at what future Active Shooter incidents may involve.

PREREQUISITES:

None

BENEFITS OF TAKING THIS COURSE:

After taking this course, you will be able to:

- Know what the Active Shooter is.
- Develop techniques to respond to Active Shooter incidents.
- Improve and expand your calltaking and dispatching techniques.
- Know what to expect.

WHAT YOU'LL RECEIVE:

- The ability to interact with your peers – discover common problems – find out what's working for them – share information and materials – build a support network of friends in 'like' positions
- One-on-one mentoring - feedback and assistance from your instructor as you learn how to better handle calls.
- Certificate of Completion awarding **2 CEUs** upon successful completion of the course
